INKA INDUSTRIAL

ENGINEERED SUPPORT SOLUTIONS FOR CRITICAL INFRASTRUCTURE

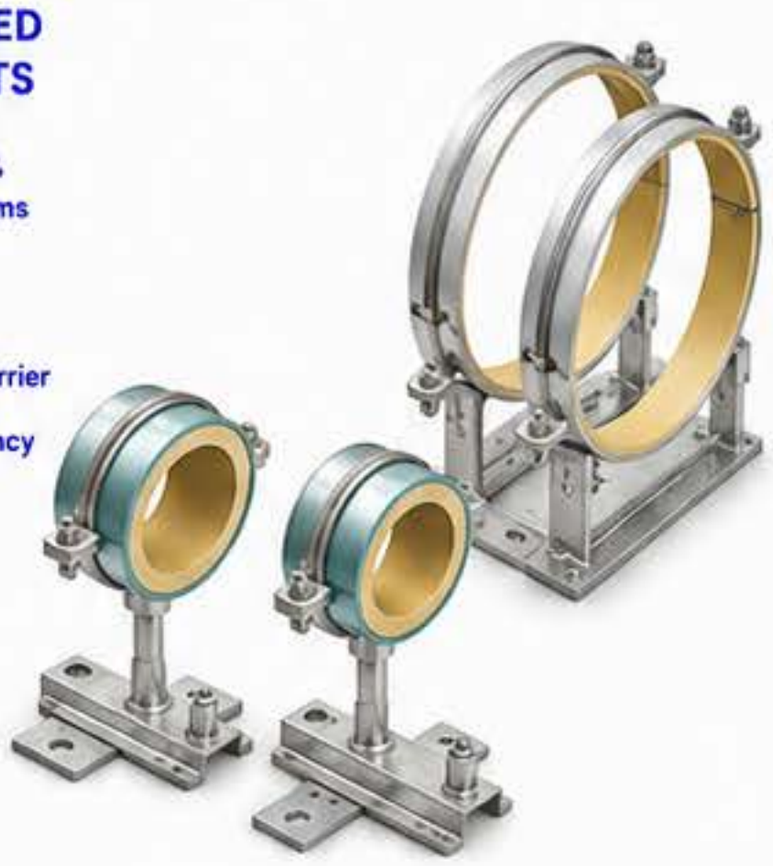
Reliability | Safety | Performance

PRODUCT LINE CARD

Engineered for Safety · Built to Standards · Proven in Critical Projects · Global Supply

1 PRE-INSULATED PIPE SUPPORTS

- For chilled water, hot water, steam and cryogenic systems
- Thermal performance with structural strength
- PIR insulation with vapor barrier
- Designed for energy efficiency and long service life

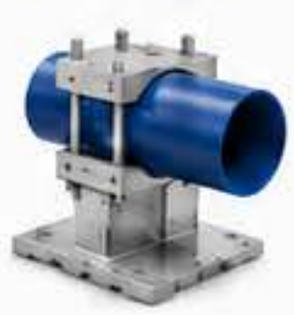


2 ENGINEERED PIPE SUPPORT SOLUTIONS

Pipe Shoes

Anchors

Fixed Supports



Sliding Guided Supports

Secondary Steel

3 PREFABRICATED MEP SUPPORT KITS

- Self-standing, ceiling-suspended and wall-mounted frames
- Pipe, cable tray and multi-service support solutions
- Pre-engineered, pre-cut and pre-assembled
- Delivered as kits for fast field installation

4 STRUT & MODULAR FRAMING SYSTEMS

- Strut channels, box channels and accessories
- High strength and flexibility
- Wide range of fittings, brackets and connectors
- Hot-dip galvanized for corrosion resistance

5 SPRING & DYNAMIC SUPPORTS

- Constant and variable spring hangers
- Hydraulic snubbers
- Sway struts and rigid supports
- For vibration and seismic protection

6 STANDARD HANGERS & CLAMPS FOR MEP FIXING SOLUTIONS

- Wide range of standard hangers, clamps and supports
- For all MEP piping and installation needs
- 8000+ designs available

7 ANCHORING & FIXING SYSTEMS

- Mechanical and chemical anchors
- Threaded rod systems
- Fasteners and accessories
- Reliable solutions for concrete and steel applications

INDUSTRIES WE SERVE

- DATA CENTERS
- POWER
- OIL & GAS & PETROCHEMICAL
- LNG & CRYOGENIC
- INDUSTRIAL & PROCESS
- HVAC & DISTRICT ENERGY
- MARINE & OFFSHORE
- NUCLEAR

OPTIMIZING PERFORMANCE. DELIVERING RELIABILITY.
